Historic Plymouth Tours & Educational Programs

By the Jenney Museum

“Discover Plymouth’s History - Walking Tour”

Take a step back in time as our guide, dressed in period clothing, takes your group along the same paths our forefathers walked hundreds of years ago. Learn about the people, places, and events that shaped the beginning of our country as you walk through the historic district of Plymouth. Sites include Town Brook, Brewster Gardens, Plymouth Rock and the historic waterfront area, Cole’s Hill, Leyden Street, Burial Hill, and Town Square.

“Forefathers Monument Tour”

Located on a hill in historic Plymouth, this hidden gem is the largest free standing solid granite monument in our country. Don’t just drive by! Come learn what each of the five statues represents and hear the faith story of the Pilgrim’s all in one spot on this guided tour.

“Historic Waterfront Tour”

Take a walk along the waterfront, visit the historic monuments and learn about the rich history each one holds. Is Plymouth Rock the rock the Pilgrims really stepped on? Hear why we think it is!

Conversations with a Pilgrim

Educational programs meant to engage and challenge. Meet a Pilgrim, learn about their life, their challenges, and their beliefs. Ask questions, join in a conversation.

“Discover Plymouth’s History ~ Talk through history” Designed for those who want to learn about the history without the stress of all the walking. This talk takes you along the paths and to all the monuments in the historic district with a presentation given by historian Leo Martin.

“Business Not As Usual ~ Pilgrim Economics” What launched the beginning of industry, free trade, and capitalism in our country? What was the relationship between the Pilgrims and the Natives? Why did the Pilgrims almost starve to death and what prevented that from happening? Your historian guide, dressed in period clothing, will answer these questions and more with stories of struggles and survival that set the cornerstones of our country.

“They Didn’t Know they were Pilgrims” Were the early settlers so very different from us? Meet Goodwife Patience, an eyewitness to the early years of Plymouth Colony. Her life was totally different from ours, but she and her family and neighbors were simply ordinary people who struggled with problems and were thankful for blessings which we can relate to today.
